

Building Science Symposium

Sponsored by ABAA (Air Barrier Association of America)

For Architects, Engineers, Owners, Contractors, etc.

Building science helps us understand how buildings work as integrated systems; designed and constructed for ideal building performance, efficiency, durability, and sustainability. Our presentations review how heat, air and moisture function together and provide key insights into controlling air flow for optimal building performance.

Thursday - November 7, 2019

(11:45 AM – 5:45 PM)

\$25 for AIA, CSI & BEC Members

Includes 4 CEU – AIA Credits (0.5 credits are pending)

Includes Lunch & Post Event Social with hors d'oeuvres

*\$50 for Non-Members & Public (which Includes BEC-Spokane Membership/Year)
BEC-Spokane welcomes Event Sponsors – Vendors, Suppliers, Consultants, Contractors & other Professionals (contact Phil Martinson at 503-557-1555 for sponsorship information)*

ABAA is the national voice of the air barrier industry and has raised the level of quality in the industry through a Quality Assurance Program and offers premier training, certification, product evaluations, contractor accreditation and site quality control audits. ABAA is active in the areas of research, education, standards development, building codes and technical resources for the air barrier industry

11:45 – 12:00 PM – Registration

12:00 – 12:45 PM – Lunch & Short Building Science Timeline

A Brief History (and tragedies) of Building Envelope Construction, Regulation & Science

1:00 – 2:00 - Oh No! What Did I Miss? How to Properly Specify an Air Barrier – Ryan Dalgleish

2:00 – 3:30 PM - The Elusive Subcontractor Responsible for Transitions - Andrew Dunlap

3:45 – 4:45 PM - New Tools to Help Drive Decisions in Air Barrier Specifications - Ryan Dalgleish

4:45 – 5:45 PM Social, with Hors d'Oeuvres & Beverages

(with open bar drinks & sponsor exhibits)

The Centennial Hotel (Riverfront Ballroom C)

303 West North River Road

Spokane, WA 99201

Questions? Call Spokane-BEC at 503-557-5500

BEC-Spokane & AIA-Spokane *(Building Enclosure Council of Spokane)*

Upcoming 2019 Fall Events

BEC-Spokane is a new local chapter of architects, engineers, contractors, manufacturers, owners, and others; with an interest in building enclosure issues related to optimal air, vapor, heat, and moisture control to assure optimal building performance, energy conservation, durability, and sustainability. We have seven meetings/year **2nd Wednesday each month** (except December & June-September)

Thursday, October 10 (4:00-5:00 PM) – Medgar Marceau (Morrison Hershfield)
Controlling Air Leakage in Buildings - Hors d'Oeuvres & Learn
Sponsored by BEC-Spokane & AIA-Spokane

*Free to all BEC, AIA & CSI Members – \$10 for Non-Members; Spokane-BEC Membership is \$50/Year
Includes 1 CEU – AIA Credit*

Register at BEC-Spokane (www.constructionseminars.org) or Event Brite

Monday, October 28 (4:00-6:00 PM) – Architect Spotlight
MICHAEL HSU AIA, IIDA – Reception/appetizers/drinks
Sponsored by Swinerton Builders

Join AIA Spokane for a presentation by Michael Hsu, who will explore the relationship between design and development within a thriving city. He will outline his firm's approach to current themes and challenges of the practice through a wide range project examples including residential, urban, mixed-use and hospitality.

Free to all AIA Members – \$10 for Non-Members - Includes 1 CEU – AIA Credit Pending

Register at AIA-Spokane (www.aiaspokane.org)

Thursday, November 7 (12:00-5:00 PM) – ABAA (Air Barrier Association of America)
Designing & Constructing Buildings for optimal performance & longevity!
ABAA Sponsored Symposium - Details on the Front side of this Flyer.

*\$25 for BEC, AIA & CSI Members – \$50 for Non-Members & includes Spokane-BEC Membership/Year
Includes 4 CEU – AIA Credits (0.5 credits are pending)*

Register at BEC-Spokane (www.constructionseminars.org) or Event Brite
